

Bovie Screen Process Printing Co., Inc.

"Perfection In Technical Printing Since 1950"

Electronics and O.E.M's

Access cards and credit cards
Adhesive application
Aluminum nameplates
Back lit panels
Chassis marking & finishing
Conductive ink printing
Control panel overlays

Marking Difficult Parts

Decals
Dials and dial printing
Die cut masks, insulators, adhesives
Electronic rubber parts and cushions
Electronic sheet metal finishing
EMI-RF shielding
Epoxy hard coat finishing
Flexible printed circuits
Foam and rubber die cut parts
Front panel finishing
Lexan nameplates and overlays
Mylar labels and decals
Metal nameplates

Pad printing
Plastic overlays and decals
Plastic parts and fabrications
Plastic tables and charts
Plastic windows and scales
Printed cylindrical parts
Pressurebond® Membrane switches
Product components
Product marking
Read out windows
Second surface printing
Self adhesive products
Serial number tags
Serialized nameplates and numbers
Specification and warning plates

Pressurebond® Membrane Switches

Stenciling
Sub surface printing
Tamper seals
Thermal die cutting
UL and CSA labels
